- **REPORT ON DEADDICTION CENTRE VISIT**

On 9th January 2024, students of III professional UG, along with associate professor Dr Vijay Shankar, Dept. Of Agadatantra, visited TTK Rehabilitation addiction treatment centre, Adyar, Chennai.

The students were shown the centre and two valuable lecture sessions by the faculties of the de-addiction centre. The first session was by Mrs. Mahalakshmi, counsellor at the De-addiction centre. This session dealt about introduction to addiction, drugs, alcohol and the effects of their over consumption. The lecture also covered the aspects of treatment of alcohol and drug addiction. The second session was taken over by Mrs. Matilda, counsellor, psychologist at de-addiction centre. She dealt about the history and significance of the TTK centre. She also shared about the treatment protocol of that centre and also shared a few cases which were managed in their centre.

Both the faculties shared valuable information which would be very useful for all the students of this profession. The lectures definitely have an impact on the academics as well as will have equal benefit on the clinical exposure of the students.

Overall, the visit was very impactful and helped the students in many aspects. It also threw a light on the social habits of the students to pave a disciplined way of life being a professional.

REPORT ON SNAKE PARK VISIT

DATE: 16.12.23

On the 16 of December, 2023 the department of agada tantra evamvyavahara ayurveda organised a visit to the national park, Guindy, Tamil Nadu. The national park had a reserved of a variety of venomous and non-venomous snakes and other reptiles. It also has a museum that explains all about the snakes, and different reptiles. In the end of the visit, we had a seminar by Mrudula, a biologist of the national park, Guindy. The talk was about the differences between venomous and non-venomous snakes. The students also watched a video on how to rescue a snake properly and safely. The students were fascinated and were very excited during the visit. It was a very informative and enlightening experience.
